

# PERFORMANCE COLLECTION

PLEASE USE THE FOLLOWING SPOT CLEANING METHOD  
TO KEEP YOUR FABRIC CLEAN AND BEAUTIFUL

- Before spot cleaning, blot up liquids on the surface with a clean, soft towel and brush off any loose dirt.
- Prepare a cleaning solution of 1/4 tsp mild, enzyme detergent, such as Tide®, Woolite® or Dawn® dishwashing liquid, per 1 cup of lukewarm water.
- Apply the cleaning solution using a misting spray bottle. Do NOT oversaturate when applying the cleaning solution.
- Work the solution into the affected area by lightly scrubbing the area with a sponge or soft bristle brush. Make sure to work from the outside of the stain inward so as not to spread the stain and rinse your sponge or brush frequently.
- Allow cleaning solution to soak into the fabric.
- Rinse thoroughly to remove all soap residues, as residues will attract dirt. Blot excess moisture with a clean, soft towel or sponge.
- Repeat steps 3-6 as needed.
- Allow fabric to air dry.
